**KINGSTON ARTS COUNCIL**

The Kingston Arts Council is the oldest arts council in Ontario. It incorporated in 1963 to act as an information base and resource centre for arts and culture, develop interest and support for the area's artistic community, and provide liaison between the arts community, the public, government, and other organizations. The Kingston Arts Council operates with a commitment to providing leadership to the arts community; encouraging excellence in the arts; ensuring support for and public access to the arts; creating opportunities for self-expression through the arts; developing partnerships with other community sectors, and engaging and inspiring all members of the community. We believe that all citizens have the right to have access to and to participate in the arts; and that a strong arts community contributes to the liveability and economic vitality of Kingston.
